Historians Report

Unto the Genties of An Crosaire, from the Baronial Historian Mistres Warjna Waleska Kaztjmyr. When I took the office of Historian for the Barony of An Crosaire, I took it with the knowledge that I would be chronicling not the history of the past of a dead civilization, but that of a living, growing group. In token of that I was given, and have continued to use, a binder of spring green, the green of new hope and young, fresh growth. This growth indeed is shown in our Doomsday Report for the past year of 1989. Our membership has steadily risen and the events we have held have been successful, well run, and rather well attended. We have also been fortunate in our location, for we are thus relied on as staunch supporters of the Hoggetowne medieval Faire, which has been also a great source of support to us in return, giving us a way to expend our energies, a source of funds for the coming year, and a place to showcase ourselves and attract the notice of new friends.

Growth has also been shown in our own folk: in this year past, no less than fourteen of us have received recognition from the populace and the Crown in the form of awards ranging from simple Awards of Arms to the prestige of the rank of the Peerage. And on the field of Honor one of our members has won the highest honor of all – that of the Crown of our Kingdom, Trimaris. Good Gentles, I salute you and your growth, and I hope we shall all labor to nurture that growth, so that we once again shall celebrate ourselves.

Awards and the events they were received (*note, some awards were listed with the events above) Treve Morningstar – Crown's Order of Courtsey, Hero of the Chalice, Genevieve von Ferman – Argent Palm – TMT, Hilary of the Denelagh – AOA and Healers' Lamp – TMT, Eglentine de Wolfe – Order of the Laurel, Barb Hah Rah – Emerald Sea – Pennsic War, Rurik Petrovich Stoianov – Grant of Arms – Fall

Autocrat Ysabela Celestina de Manrique and Trylenydd ferch Madog Hen ap Bleddyn. Talewinds, Vol.9, No.2. February AS XXIV

Event Report by Lady Trylenydd ferch Madog Hen ap Bleddyn, Deputy Seneschal, Mathom Trove. “Though rain had been forecasted, the day was warm and bright. Picnickers started arriving at the Ravine Gardens in Palatka at 9 in the morning, ready for a day of fun. Games were definitely in abundance. Those that attracted the most attention (and players) were Cathedral, Shove Groat, Circular Chess, and Three-man Chess. An outdoor game, Bowls, was also popular with the ladies. Perhaps some of us were warming up for St. Georges’ Faire. Before the break for lunch, we were treated to the harmonies of Elfwyn de Barfleur, Bernard de Barfleur, Mistress Warjna Waleska Kaztjajr, and Una of Blackberry Hollow. Una’s own composition, “An Crosaire is My Barony,” was an immediate success, as was the closing of this song with the Baronial salute! Lunch was a delight and many good gentles contributed wonderful dishes to our potluck feast. After lunch, our beloved Baroness led some of the more adventurous on the now-infamous “Baroness’s Safari” through the wilds of the garden. Oh, the tales recounted afterwards! Oh, the frightening of mundane children! We know of thirty-two attendees of the picnic. Helm passing very nearly paid for the rental of the site. The

display table went over very well. Those in attendance pronounced the picnic a success. We would like to offer our additional thanks to those who helped, namely Laura de Botelesford, for getting the check for the site rental to us so quickly and Master Taly for supplying many of the games, and the An Crosairan Mighty Singers for their lovely performance.

Baron Elom told us that the \$260 gift to the Kingdom left the Kingdom Exchequer speechless.

Talewinds, Vol.9, No.6. June AS XXV Heed now these words of praise from your most elated King and Queen. First our accolades fall to our noble baronies--An Crosaire, Wyvernwood and Darkwater. Each did secure a great number of arrows for our archers, arrows that blackened the sky and turned the beach beneath our enemies' crimson. Let the names of our brave fletchers--of David Springer, Rjan Osterling, and Iain Jameson--be ever on the tongues of our dying enemies.

In the Arts and Sciences our Laurels and apprentices did exceed our greatest expectations. Duchess Elspeth and Mistress Warjna shined ever bright. And again, the Barony of An Crosaire excelled, as Baron Elom, Lady Elfwyn and many others gave all that they had for the love of good Trimaris.

May 1990

A letter from Lord Guillermo da Firenze, Kingdom Minister of the Arts and Sciences states: "Summer Arts and Sciences Faire AS XXV was a huge success with over 300 entrees and a record breaking number of Non-Pareils. I must add that all the Non-Pareils were well deserved...The Art/Sci also had costume judging on the body and was a great success. The worst thing that happened at Art/Sci was the heat and humidity which the judges, live entrants, registration assistants, calligraphers and all others bore quite well...To all who entered, your work is not to be exceeded anywhere in the Known World, I received many reports from different lords and ladies who happened to pass through the hall and stopped in amazement of the beauty and talent that surrounded them. With great pride I would reply, This is Trimarís."

Report from Art/Sci officer Lady Barb Hah Rah: The Barony won the title Patron of the Arts and Sciences and that Lady Elfwyn was proclaimed Champion of the Arts and Sciences for her performance in the Heptathalon. Baron Elom received two non-pareils; Gwynedd won a non-pareil for her illuminated scroll; Cricket did well with his model house and copy of a map of medieval Russian town; Lady Elfwyn had several non-pareils.

There will be a hearty venison stew, breads and cheeses provided in the hall Saturday night to augment foods brought and prepared by attendees. War points have been reported as follows: Two field battles (one with archers one without); One Champions Battle (belted and unbelted); one Bridge of Similar Battle; One Woods Battle (two banners, one hour); Target Archery;

Arts and Science Competition.

Talewinds, Vol.10, No.1. January AS XXV *Science Officer's Report from H.L. Guillermo da Firenze*: As most of you already know, Trimaris won the Art/Sci point at this past Sea Raids with a total of 1,104 points. Atlantia gave us a good close race with Trimaris leading by 160 points. Elfwyn de Barfleur had the most entries in the competition as well as earing the most points in either kingdom. However, Elfwyn was not alone in making Trimaris victorious. Hollyn, Ropesle, Ariel, Isabella, Grania, Elom, Ara, Ivanthol, Raoul, Shawn, Margaret, Carmanetta, Catheryn, Cher, and Oriana also contributed with their own talents giving Trimaris the edge to take the day. I would like to give a special thanks to the Barony of An Crosaire and the Shire of Storm. without the contributions of these two groups, Trimaris would not have won the Art/Sci point and the results would have been a lost war. Lastly, I offer my sincere gratitude and thanks to Mistress Elitha of the Entwining Stars, Minister of the Arts and Sciences, Atlantia. It was a pleasure to work with Elitha during this competition and I look forward to working with her in the future.

From the Laureate Deputy, HL Alexander Mareschal

Masque Laureate competition = Duke Merowald of "Merry Madcaps". Count Arlof was the other performer in the group and the decision as to who would wear the bells was

made by the toss of the coin. Duke Merowald has asked me to make sure that Count Arlof receives recognition as having worked on the performance just as much, and with as much skill and talent as himself. It was a very good performance, well acted by both performers, and well liked by the populace.

From the Office of the Arts & Sciences, Guillermo da Firenze

Heralde's Picnic

On 7-13-91, the Canton of Mathom Trove held their annual Heralde's Picnic, a one-day event at the Palatka Jaycees' Hall. In the hall, art/sci demonstrations and a display table for completed projects you may wish to share. Following the lists and a break for lunch at one of the local feasting establishments, rejoin us for a performance by the choral group Misty Morning. Other Performers are welcome" Autocrat Lady Ysabela Celestina Manrique de Palma. Talewinds, July AS XXVI

Event Report from Lady Ysabela Celestina Manrique de Palma: If you failed to attend the Herald's Picnic and demo you missed a really enjoyable event. The demo was held at the Palatka Jaycees. The day passed pleasantly and all too quickly. It was filled with singing, instrumental music, fighting, gaming, craft demonstrations and displays, and most importantly, good fellowship. By the end of the day, not only had sixty people signed our guest book, forty of whom were already Society members, but we had received some very encouraging nibbles from the local populace. We owe much gratitude to the large number of Baronial members who journeyed to offer their invaluable assistance to our Canton. Other society members from the Shire of Blackthorne, Castlemere, Brineside Moor, Amyergorod, Ruins, and the Barony of Darkwater also attended. Throughout the day, the choral group Misty Morning performed to the delight of those present. In the afternoon Lady Anne of Hendon played her recorder and provided some lovely instrumental music. There were many fine projects displayed and there were several craft demonstrations, which really sparked the interest of all newcomers. Fighting commenced with a fencing exhibition, which was followed by the heavy weapons fighters. They are to be praised for armoring up in such humid and stifling weather. I wish to thank all those who attended and who made this event such a success.

Talewinds, October AS XXVI, From our Seneschal, Sir Fredrich Karl Kyburg

In the Town Meeting/Curia, held at Coronation, a few items were brought up that bear repeating here, the first of these being our orientation of newcomers. Local seneschals, please be sure that all your newcomers receive proper orientation so they may function at society event. Such an orientation should include customs and courtesy; the royal presence and a listing of all items that would be needed at an event. This orientation would prepare a newcomer to enjoy their first event.

At Coronation there were over 800 gentles on site, making it the largest Trimarian event to date. At the Town Meeting it was noted that we are out-growing our presently used sites. Immediate solutions could be the use of port-a-johns on the sites to alleviate the plumbing problems and future contractual agreements with the campground to maintain clean restrooms. A long-term solution will be to find larger campgrounds such as Camp Immokalee, which is located in northern Florida.
