### **Pilgrimage to Canterbury**

December 5-7, 2003

Camp Winona

Travel the path to one of the most revered shrines in England: the tomb of St. Thomas a Becket in Canterbury Cathedral. Take up the Pilgrim's cockle shell again and join your fellow pilgrims as they wend their way from London to Canterbury through the wild and beautiful countryside of Kent. Interact with characters straight out of Chaucer's Canterbury Tales. Gain indulgences and use your wits to parlay your Shell Tokens to a winning amount at the end of your journey. Vie to be among the Most Worthy Pilgrims – humbly, of course – to gain the sumptuous Gifts for your piety, wit and perseverance. Fighters! The Pilgrim's Way is fraught with peril. Bandits! Templar's! Frenchmen! Many pilgrims will be in need of protection as they journey on to Canterbury. Acquire merit – and Shell Tokens – serving as bodyguards.

Autocrat was Baronessa Ysabela Celestina Manrique de Palma y Majorca, feastcrats was Lord Qaratai Keriyad, reservations by Lord Oshaya.
