It was with great sadness that the Barony received information that one of our members had passed away on October 8, 2004. He had suffered a heart attack and underwent quadruple bypass surgery. Unfortunately it was unsuccessful. Lord Greywolf (Steve Newton) was a driving force in the House of the Open Door and he, along with TC took over the task of High Table service, for which they received a Golden Galleon award. He was the Constable for the Barony, a poet and carver of beautiful horn and bone. He was well liked, a gentle soul with great kindness and patience.
